REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:
2. Applicants' communication paper dated 9/23/04 is acknowledged. Applicants have cancelled claim 13, and amended claims 1-12, 14-17. Therefore, the claims under consideration are the claims 1-12, 14-17, which are renumbered as claims 1-16 respectively.
3. The Double Patenting rejection(s) are now withdrawn because applicants have restricted the claims to invention of Group III only, and deleted the subject matter already patented for the U.S. Sr. NO. 09943325, 8/30/01, now U.S.P. 6649616.
4. The rejections made under 35 U.S.C. 101 are now withdrawn as applicants have amended claims 16, 17 to conform to the allowed claims of U.S.P. 6649616.
5. Applicants' arguments, remarks, and amendments to claims as stated above have been considered, and found persuasive for the withdrawal of rejections made under 35 U.S.C. 112 paragraph second. Therefore, the same are now withdrawn.
6. The amended claims as now presented are definite, and are enabled. Therefore, the rejections made under 35 U.S.C. 112 paragraph one are also withdrawn.
7. The closest prior art of record (see parent, now U.S.P. 6649616) Mueller et al (EP 611767 dated 8/1994) teaches the compounds having a core: "Heterocycle-CH₂-Phenyl-substituted cyclohexane (see Examples 1-4 in pages 20-21 and Examples 5-10 in page 22 respectively)".
8. Mueller does not indicate or suggest at arriving to instant invention.
9. Therefore, the instant invention is deemed to be novel and patentably distinct.
10. Signed copy of IDS paper PTO Form 1449 dated 9/23/04 is enclosed with this communication for applicants' records.
11. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
